Dear Sir,- I was an interested listener at the meeting. May I make a few suggestions:

1 Appoint a Standing Committee

2 Have the Committee look closely into the kind of training given in the C.O.T.C. and of Instructors.

3 If we retain this training has as good a Chance of appointment and promotion as one training in a Military School.

4 Formulate some plan of interesting the student body either by an individual effort, or by meetings and addresses.

5 Lay the results of this work of the year before a meeting such as held to-day, and at an early date.

Yours truly
J. Ferguson
